Dear Parent/Carer

The safety and wellbeing of students and staff at Haydock High School is always my number one priority. It is recommended that all schools in the United Kingdom have a 'Lockdown Policy', for instances such as an intruder, chemical spills or extreme weather. In my 24 years of teaching there has never been a situation where I would have had to use this procedure; however, it is important that we consider the very rare chance of an incident like this taking place and I have a responsibility to prepare the students and staff of the procedures of how to remain safe.

Your child has received an assembly and will have further opportunities to talk about the procedure in form time. Students were given the key message; not to worry and that the likelihood of using this procedure is **extremely** slim.

If you have any questions please do contact the school to speak with the year team.

Yours sincerely,

Mr P Abram
Head of School
