à Haydock High School

Salut!

Welcome to our French Transition Booklet!

There are many tasks here and on the attached sheets that are fun and interesting. You can do these at home to practise or to start your learning of French!

Do not worry if you have not done French before, you can select tasks that suit your knowledge at this point. You can do as many as you want to.

Your work can be on paper, a PowerPoint, a Word document - whatever suits you. You can also print the sheets if you want to.

If you do not know some words, try to use Word Reference to help or a French dictionary if you have one at home.

<https://www.wordreference.com/>

We are really looking forward to meeting you when you start your French lessons! You can then bring the work in to show us!

Bonne chance!

Madame Giles, Madame Howard et Monsieur Mitchell

## Preparation Learning - Y6 into Y7

Research and complete as many boxes as you can below.

Work on paper or type up! Shade them in when complete. Bring to school with you in September.

Do not worry about any you cannot do at this stage!

Topic	1	2	3	4
Personal details	Say 'my name is ...' in French.	Write your name and age in French.	Write a paragraph giving your name, age and birthday.	Write a short email about you including your name, age, birthday, extra details.
Numbers	1-10, spellings.	1-20, know them English to French and French to English.	1-30, confident when asked out of order. Show your knowledge in a creative way.	1-100, demonstrate you know the higher numbers and can spell correctly.
Colours	Design a simple picture and label 5+ colours. (eg flowers)	Find a French picture and label all colours in French.	Make a colours word search, puzzle, card sort, game to practise colours in French.	Create 5 sentences in French with colour and noun. (*word order and adjective agreement) E.g. Le ciel est bleu. J'ai une pomme verte.
Animals	5 animals: create match up game.	Learn and spell 10 animals.	In a creative way show you know 10-15 animals.	Research more animal names in French. You could make a zoo!
Life In France	Label a map of France with towns, cities and natural geographical features.	Present 10 (or more) very interesting facts about France.	Research a place in France we could consider for a school trip. (NOT Paris or Disneyland Paris.)	Find out about a custom or tradition in France. It could be a festival, a game, an historical event...
Own category	You pick a topic area and show your knowledge in a creative and interesting way.
